Photograph/Publicity Release

Dear Parents,

In conducting our activity and experience center program with young children, we frequently record these events on still, motion picture, digital cameras, and videos either from cam recorders or cell phones. We also use and reuse these pictures to demonstrate, display and or refamiliarize the children and others with the picture content.

The pictures are also of considerable value in keeping the community apprised of the school program for all children. Thus, pictures we take or local news media representatives take may be used in press releases.

We would appreciate your permission to continue this procedure. Please sign the following:
