Colleen's Communication Corner

The 2024-2025 school year was full of so much growth: academically, social emotionally, and literally...as some of your children are getting so tall! We're excited for our Pre-K kiddos who are graduating this week and going off to Kindergarten. I know they will bring that St Michael's kindness with them and shine! Thank you to all our families for trusting us to lead and guide your children during these impressional first school experiences. It has been our pleasure to be a part of all your children's school journey.

We are looking to reflect and do a little growing of our own, so you might notice some subtle changes happening the next few months. A big change is Ms. Carla will be moving onto a new adventure of her own and though we are sad to see her leave, we know she'll do great things at her new job! Ms. Franie will kindly take over as the Llamas teacher and we are confident she'll be fantastic! Something that won't change...our dedication to providing an exciting environment for learning through play while making all children feel seen, loved, and included!

Now the best part...We're officially in Summer Camp Mode! We will have fun weekly themes, special events, and so many new activities to explorer. Sunshine, outside play, and children's laughter always equals a great time here!

Friendly Reminders:

Send in labeled sunblock, sun protection for your kiddos, straps on the back of sandals are required, & please update back up clothes to summer attire

Hapel Every Tuesday: 9:30 AM - Llamas, Busy Bees, & Tigers 10:00 AM Ducklings, Sea Turtles, Cubs, & Flamingos
